

*The warm breezes that carry a hint of
summer are upon us.*

Even in the mountains summers can be hot!

In response to many requests, the board at its May meeting approved a plan to install a mini-split system air-conditioning / heating unit in each of the Kirk Apartments. This will give the guests the ability to control the temperature in each apartment and will make your time spent with us even more enjoyable.

The total cost for all of the apartments is approximately \$25,000. **WORK HAS ALREADY BEGUN!**

Your gifts*, in any amount, will be greatly appreciated. You may provide one unit as a memorial or as an honorarium for a loved one for a gift of \$3,200. An appropriate plaque will be placed in the apartment. Families, groups or churches may join together to provide a unit.

Please make your check payable to the SC Inn at Montreat and mark the “for” blank “Kirk Apts. AC.”

Please mail your check to:
